SUMMONS.

IN THE DISTRICT COURT of the 17th Judicial District of the State of California, in and for the county of Los Angeles.—B. F. Bragg, plaintiff, against John Azbill et al., defendants. Action brought in the District Court of the Seventeenth Judicial District of the State of California, in and for the county of Los Angeles, and the complaint filed in said county of Los Angeles in the office of the Clerk of said District Court.

The People of the State of California send greeting to John Azbill, Richard Heiman, Oscar George and Charles Harter, defendants: You are hereby required to appear in an action brought against you by the above-named plaintiff in the District Court of the Seventeenth Judicial District of the State of California, in and for the county of Los Angeles, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this Summons—if served within this county: or, if served out of this county, but in this District, within twenty days; otherwise, within forty days, or judgment by default will be taken against you according to the prayer of said complaint.

The said action is brought to recover judgment of this Court that the error and mistake occurring in the deed from John Azbill to plaintiff dated April 15, 1875, for a portion of the Rancho San Juan Cajon de Santa Ana, in Los Angeles county, Cal., be rectified; that the plaintiff be decreed to be the owner of the land actually purchased by him, and that a good and sufficient deed for the same be ordered to be made to him; that defendant Harter be ordered to deliver up the deed made to him by plaintiff for cancellation on payment by him of the purchase money and a receipt of a deed of the land actually purchased; that the conveyance to the defendants Heiman & George by said Azbill be adjudged to be in fraud of plaintiff's rights and that they be perpetually enjoined from asserting any right in and to the 20 acres purchased by plaintiff, and that they be directed to execute by deed their interest in said 20 acres to plaintiff; that said Charles Harter be directed to complete his purchase of said land from plaintiff, and that plaintiff have general relief and costs. Reference is had to complaint for particulars.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will cause your default to be entered and will apply to the Court for the relief demanded in the complaint.

Our dispatches begin to show that Donaldson, the balloonist, may be possuming again.

An Andy Johnson Cabinet Officer has his say on the recent demise of the ex-President.

The Ohio and Mississippi rivers are rising rapidly.

General Crook issues a proclamation to the Black Hills intruders.

IF the managers of the Los Angeles and Independence Railroad intend to do a freight competing business with the Southern Pacific Railroad they are making a serious mistake in locating their depot so far from the business center of the city. We make this statement at the request of a number of leading citizens who inform us that the company have expressed a desire not to depart from the line specified in their communication to the Council. To adhere to this proposition is to place the depot so far from the center of the city that the drayage on freight will almost if not quite equal the railroad charges from the water to the depot. These are facts apparent to all and they should be carefully considered by the company before taking decided action in the premises.

MR. S. O. HOUGHTON, Republican candidate for Congress, will address the Los Angeles people this evening. We are glad Mr. HOUGHTON has come among us. He has a great deal to explain away, and we are a little curious to see him at the task, and still more curious to see the result of his effort. His record on the change of the route of the Southern Pacific road and on the extension of time for completing the road between this city and San Francisco is not satisfactory to the people of Southern California, and it will require a very straight talk, if not a good deal of logic, to give it an acceptable appearance. However, we do not wish to prejudice anyone against Mr. HOUGHTON, and we advise all to go and hear him this evening and then listen to Mr. WIGGINTON next Saturday evening.

Select Good Men.

The Democratic County Convention meets to-day. The county will be well represented, and we trust a first-class ticket will be presented. The duty of the Convention is so plain that no delegate can fail to understand what is expected of him. The candidates thus far placed before the people are not as a whole satisfactory. They are not sailing under true colors; they are Republicans in the garb of Independents; they are the members of one party endeavoring to secure the votes of another. The people have no confidence in an Independent ticket made of Republicans, and they look to the Democratic Convention of to-day to give them candidates whose politics are what they profess and who are trustworthy and capable. If it meets the expectation, its candidates will be triumphantly elected.

Wigginton and Houghton.

Some days ago the HERALD published a letter from Mr. WIGGINTON to Mr. HOUGHTON in which the former proposed to conform to the appointments made by the Republican State Central Committee for the latter and the two stump the District together. We then gave the facts to prove that after evading the issue until the evasion would no longer suffice he positively refused to accede to the request of Mr. WIGGINTON. In further substantiation of what we then published we repeat the following editorial from the San Jose Weekly *Mercury* of July 22nd.

B. D. Wigginton, Esq., was in town Monday, endeavoring to make arrangements to canvass the District with Mr. Houghton. From the present outlook there is but little prospect of the consumation of such an arrangement, as Mr. Houghton is not anxious to measure lances with one of Mr. Wigginton's calibre. The latter is a man of fine address, and is said to be a powerful speaker. He will give our citizens a taste of his ability on Saturday evening next, when we have no doubt the people will turn out in crowds to hear him.

The nomination of Thomson for Congressional Representative of this District, by the fractional Independent Convention that assembled last week in Santa Barbara, should not deter the Independents of this county from supporting Wigginton. There were but six of the nineteen counties of the District represented in that Convention. It was the desire of our County Committee that the Convention should endorse Wigginton, and that body was notified to that effect. Had this county been represented in the Convention, such would have been the result.

It is asserted by those who claim to know, that Thomson will not cut into Wigginton's vote in the Southern counties; hence his nominatihn will not cripple the latter's chances. In this county every anti-Houghton vote should be given for the Democratic nominee. As the lower branch of the next Congress will be Democratic in any event, one member more or less cannot change things; beside, we are satisfied that Mr. Wigginton will make a most creditable Representative.

No Defense.

The theory of the defense in the trial of the Mountain Meadow assassin, is that, in the murder of one hundred defenceless women and children, he obeyed the command of a higher power—a power which he asserts, greater than he, dared not disobey. LEE's Council sought, first by insinuation and afterward by direct charge that BRIGHAM YOUNG was this power. It was a cowardly excuse and one that could not be tortured into the semblance of justification. even had it been true, but it now appears from the affidavit of YOUNG himself that no such instructions nor anything that could be so understood, were ever issued by him. He asserts that he did not know the emigrants had been massacred until some months after the consummation of the bloody deed. Thus the defense of LEE, flimsy as it is, falls to the ground. The real secret of the unparalleled massacre is probably found in the account given by Mrs. STENHOUSE in her recently published book "Tell It All" and is substantially as follows: The Mountain Meadow victims were cheifly from Arkansas and some years previous a Mormon Prophet, PRATT, we think, attempted to run away with a man's wife in that State and was shot by her husband. This was grounds for Mormon hatred of all people from Arkansas and it was upon this prejudice that a few malignant rascals, of whom LEE was the leader, worked until they found a sufficient number of Mormons who, aided by the Indians accomplished the damning deed. With some of the murderers, plunder may have been the primary object. But hatred and revenge was the prompting motive of the leaders and they should be hung as fast as found and convicted.

County Surveyor.

EDITOR HERALD: Considering the railroad development and the contests that naturally will arise between ranch-owners, settlers and the railroad claiming an even section, in this county during the next two years, as well as a question of vital importance, the water supply, it becomes the delegates to the Democratic Convention to nominate a man of capacity, integrity and professional skill for the place of Surveyor of the county—one who by experience and education may suggest himself to the support at the ballot of the county as the best man for the place. No office will be of more importance to each individual landowner than this, and none more conducive, if properly filled, to the development of this county, anticipating and permanently settling disputes and litigation of the future by careful and correct surveys. [From the Press 31st inst.]

Last evening the firm of Smith & Co. received a letter from Julius Erfurt, who was the book-keeper of the firm, that he was about to commit suicide, and that his body could be found in Montecito. The letter no doubt was written under a diseased mind, as Mr. Erfurt has not seemed quite right lately. He left his home yesterday stating that he was going out in the country, thus exciting little suspicion. Mr. Beseke and Dr. Hill made a search for him last evening, but failed. This morning a party of gentlemen started out, and after much search found him under a tree dead. He had not been dead long, as his body was warm. He was seen this morning at half past five wandering through the woods, thus he must have killed himself some time this morning. Our reporter visited the scene and found the man lying on his side with a bullet hole in his head. He had the pistol in his hand and an empty flask by his side. The report that he is a defaulter is denied by the firm. Mr. Erfurt stood high among his friends and those who knew him. He leaves a widow and a little child to mourn over his death. No doubt he committed the deed while laboring under a fit of momentary insanity.

LATER.—It has been ascertained by a member of the firm that his books are all right with the exception of about $25 in footing up the daily sales in small amounts, during the last three weeks.

On Wednesday evening last Mr. M. Norris, who is in charge of the Callis ranch, about three miles east of Rincon and son of Mr. Norton of Carpinteria, had a very narrow escape of being poisoned. Soon after breakfast Mr. Norris had left his house for the purpose of turning the water in the corral, when he felt severe pain in his stomach, and feeling dizzy he stooped to put some water upon his head. He was then seized with cramp in his leg and lost consciousness. When he returned to himself he was several yards away from where he swooned, and one of his dogs was licking his face. On his way to his house he received two or three more attacks. He at one knew that this attack was the effect of strychnine, but how the poison could have been administered is unknown, though it is supposed to have got into some flour. He swallowed a pint of lard which counteracted the effects of the strychnine.

San Francisco Politics.

SAN FRANCISCO, Aug. 3d.—The Independent Senatorial Convention of the Tenth Senatorial District, comprising Contra Costa and Marin counties, met yesterday at the Russ House and nominated the Hon. Thos. J. Abels, of Marin. Abels has served two terms in the Assembly.

The primary for electing delegates to each of the five Senatorial District Conventions takes place to-day. The Conventions will meet Thursday night in their respective districts to make legislative nominations, and elect District Committees, after which they will unite and form a municipal Convention to nominate a full city ticket.

The joint Democratic delegation of this city and San Mateo county to nominate a candidate for joint Senator, met in Convention in the Fourth District Court-room last evening. The report of the Committee on Platform was read and approved. The platform contains planks apposing the mingling of color in the schools, and local legislation on the liquor question and favoring the ownership by the city of the gas and water works. On the first ballot Geo. H. Rogers, of San Francisco, was nominated joint Senator.

Dr. Shorb addressed the Democracy at Platt's Hall last evening and made a strong indictment against the Republican party. Also, a hit at Booth and the Independents.

The Young Men's Christian Association had an election of officers last night and chose Jacob S. Tabor President and A. B. Forbes, Wm. M. Curbery, E. D. Sawyor, W. H. Codington and T. K. S. Latham Vice Presidents.

SAN FRANCISCO, Aug. 3d.—Legal tenders to-day are steady at 88½ buying, 89½ selling.

The Liverpool market is given to-day at 10s. 8d, to 11s. for average California, and 10s. 10d.@11s. 6d. for club. These figures show an average and advance of 4d. on the prices last Saturday.

From July 1st to the 27th the shipments from the Gila mine were 54,335. The Virginia and Gold Hill Water Company have re-elected the old officers. There was nearly four million tons of ore forwarded to the Consolidates Verginia mills last week.

The steamers Los Angeles, Salinas and San Vicente will sail for the usual ports to-morrow. The usual monthly dividend of the National Gold Bank and Trust Campany will be paid on the 5th. Picacho Mill and Mining Company have levied their first assessment of 10 cents per share, amounting to $5,000 delinquent September 13th.

The ship J. B. Brown, from Boston for San Francisco, which went into Monteveido May 17th with nine feet of water in her hold, left for destination here on the 26th of June.

The Eureka Consolidated Mining Company have declared a dividend of $1 per share, aggregrating $50,000 payable on the 5th. The dividend last month was $2 per share, and it was thought the same would be paid this month.

The next steamer for Yokohama and Hong Kong will be the Belgic to sail on the 15th, to be followed by the City of Peking, on the 1st proximo. The steamers are not getting as much freight as expected and have reduced the through rate on teas from Yokohama to New York to 4 cts. per pound. The real trouble is in the attitude of the tea trade of the U. S. and the over production of Japan.

EASTERN NEWS.

What the Indians say.

BEAVER, Aug. 3d.—So much has been said about the Indians at the massacre that your reporter for several days has been in search of the Chief of the Beavers. He to-day found him and held an interview with him by aid of an interpreter. This Chief is named Beaver. He became Chief by recommendation of the Mormons and its ratification by the Indian agent on account of his good character. He is aged about 46 and is afflicted with partial blindness. He said: "I was not at Corn Creek, but am brother to the mother of Kenosh, the Chief of the Corn Creek Indians and a warm friend with the Pahoants. I often talked the matter over with them. The story of the poisened ox is not true, nor of the poisoned spring. The water talked of is not a spring. It is running water. No Indians were ever poisoned as the Mormons say. The Indians never told me of it, and I was with them often and must have heard of it. No Corn Creek, Pahoant or Beavers were at Mountain Meadows. It is all one lie and he lies who say so. All the Indians there were not more than one hundred, for I knew Moquepus, who was there with his Cold Creek Indians. He was my friend; so were all the Indians. I often talked with them during the last seventeen years. Moquepus and his warriors always said that they were making a living by hunting around Cedar. When John D. Lee came and asked them to help kill the emigrants Morquepus said, "I have not guns nor powder enough." Lee said that the Mormons would furnish guns and powder. Moquepus asked what the Indians would get. Lee said clothing, all the guns and horses, and some of the cattle to eat. So they went. Moquepus was wounded, and died a year after from his wounds. All the Indians tell the same story. No Indians in Utah had any animosity against the whites. Then all was at peace with the Indians. One Indian tried to steal a horse of Duke's party and a guard shot him, and for a day or two there was trouble and some shooting. That was the only trouble we ever had. I know these Indians. I know all the Indian tradition. I know that what I tell is true. I tell it because these cowards have thrown all the blame on the Indians. Lee is like an Indian who shot two miners long ago. He got caught, and when brought here he got scared and shook like a coward. So Lee got scared and said the Indians did it. Lee led the Indians at the massacre, and Moquepus always said Lee was chief over him in that fight. That was in the bargain.

In the Lee trial, the charge and argument will be given this evening.

The Missing Balloonists.

NEW YORK, August 3d.—A letter was received in this city to-day from J. H. Stanwood of Algonac, Michigan, who states that he saw Donaldson, the American æronaut, in Algonac last Friday, in company with a young man supposed by Mr. Stanwood to be the reporter. Stanwood was certain that it was Donaldson, although he had no moustache, he having seen him frequently when with Barnum in New York.

Beecher.

NEW YORK, August 3d.—Regarding the notice sent by Tilton's counsel to Beecher's attorneys yesterday, the latter say it is not meant for a renewal of the scandal suit, but merely a matter of form and was done for mutual protection. Both Tilton and ex-Judge Morris are reticent and refuse to say whether the case will be tried over again or not. Tilton is hard at work on his new novel.

The calculation there made is that so far as our own country is concerned the losses by reason of the recent heavy rains will not exceed two per cent. of the entire crop, and that this loss of two per cent. will probably enable producers to get as much as ten per cent. more in price for the remainder of the crop. The section which will reap this profit will be the West.

Donaldson.

CHICAGO, August 3d.—The *Evening Journal* is inclined to think that the paper found about a week since in the lake and signed by Donaldson is a genuine document.

A gentleman familiar with Donaldson's writing has made a careful examination and says there is every reason to believe that Donalson wrote the message. The message was as follows:

July 17th.—If this shall be found, say to the world that we are lost in the gale. Signed, Donaldson.

CHICAGO, Agg. 3d.—J. M. Birckley, formerly member of Andrew Johnson's Cabinet, publishes an article this evening on the character of Johnson, in which he says the loss of Andrew Johnson is a real national misfortune. If the new Congress does not reform corruption, it cannot be reformed, and must run its course into revolution. Mr. Johnson with his trunk full of papers, wherein half of the great men of the land have a record of shame, with no claims on his gratitude and no restraint on his tongue but his own voluntary reserve. Returning to the Senate like a rising gale, the dead would have been a powerful reinforcement of every movement to make their exposure without his opinion. Knowing better than public men generally how utterly spurious all character has become of late years, he was at once more flush of material to prove it by and less *estopped* to use it than any resolute man in America. His contempt of our idols and heroes arose from actual and flagrant experience of the baseness of their practices and the meanness of their abilities. He wanted vengence with an ardor that worse men could not feel without the clear and sure case of public good which he must have seen before him as soon as he was elected last winter.

The Black Hills.

OMAHA, August 3d.—The following special dispatch from G. H. Collins, post trader at Fort Laramie and well known in connection with Indian affairs, to the Omaha *Herald*, has just been received: General Crook reached the Black Hills July 27th, and issued a proclamation calling on all citizens who were there in violation of law to prepare to leave the Hills, and gave them until the 15th instant to leave peacefully. If not out by that time, force will be used to expel them. As I understand it, miners will be allowed forty days after the Hills are opened to substantiate and make good their present claims.

The Order of Kalakaua is to be inaugurated, the Order of Kamehama being too limited to reward all who deserve distinction. Heavy rains prevail at Mani.

Lee, in an interview with the reporter to-day, said he was sick of body and sore of soul, and that his counsel was throwing off on him and defending some one else who was not on trial.

Arrangements are in progress to secure all the creditors traveling abroad with letters of credit and circular notes on Duncan & Co. They will probably be paid at the Union Bank, London.

Borrowing Money.

Borrowing money upon the instalment plan is attended with the e advantages: The loan can be repaid in small monthly amounts which include the interest and part of the principal, so that by the expiration of the term it can be all paid without any great inconvenience to the borrower; the rate of interest is generally lower; the expenses of obtaining the money are not so great as in ordinary loans, and if it is borrowed upon good paying property then it often happens that the rents will meet the monthly instalments and in time pay off the debt.

EXTRAORDINARY

INDUCEMENT

—FOR—

PEOPLE SEEKING HOMES

—IN—

SOUTHERN CALIFORNIA.

For Rent or Sale!

CHOICE HOMES

—IN—

SAN GABRIEL VALLEY!

ACKNOWLEDGED TO BE THE most desirable portion of Los Angeles county, Southern California, are offered to persons of moral worth and industrious habits, on terms to satisfy the most fastidious and within the reach of men of moderate means. Having recently purchased

5,000 Acres

—OF THE—

RANCHO AZUSITA,

Including the old Mexican homestead, beginning where the San Gabriel river emerges and extending Westerly along the Southern base of the San Gabriel mountains to within four miles of the Mission Church and Depot of the Southern Pacific Railroad, and is traversed for five miles by the location of the Los Angeles and Independence Railroad, which is now being rapidly constructed. This land is abundantly supplied with pure mountain water, for irrigating and domestic purposes, by means of a large ditch, extending from the San Gabriel river along the base of the mountain and down the Western and Southern boundary, from which the entire tract can be easily irrigated—rendering it practicable to produce abundant crops of grain, tobacco, melons, potatoes and vegetables of all kinds—planted at all seasons of the year. This fact was clearly demonstrated by the heavy frost early in last April, which visited localities in Los Angeles county with disastrous severity, while on locations on this grant of land, similarly situated to a large portion of the entire tract, the young potato and melon plants and the tobacco and tomatoes (here perpetual bearers) were not affected, and the old homestead vineyard and orchard, clothed in their new and well advanced foliage, escaped entirely, while the vineyards in the valleys below turned black from the blighting frost.

TERMS:

Twenty acres of choice cleared land and one good work-horse or mule and water for irrigating and wood and water for domestic purposes, will be let to the head of a family or a single man until the 1st of January, 1876, for one-tenth of all the crops grown on the land. The mild and uniform climate, together with the wide-spreading liveoaks, especially reserved for building sites, do away with the necessity of building houses until the rainy season begins, which is about the 1st of December and continuing, at intervals, for three months, but should parties desire to build temporary houses, I will reimburse them for the cost of material when vacated.

TWO THOUSAND ACRES

Of this choice land, which is, by actual demonstration, as well adapted as any in Southern California to the successful culture of the banana, orange, lime, lemon, English walnut, grape and other fruits and vegetables, will be sold at

PUBLIC AUCTION

—ON THE—

10th Day of January, 1876,

In tracts of

10, 20 and 40 Acres,

AND ON EASY TERMS,

Thus affording persons seeking homes in our delightful county of varied soil and climatic influences, an opportunity of selecting localities for themselves and friends with a practical knowledge of all the surroundings, and in the meantime spend a delightful Summer and Fall at a moderate expense and send their children to a good public school centrally located.

The adjacent mountains and mesa lands abound in quail, rabbits and other game, and their streams are filled with mountain trout. The thrifty farmers of the neighborhood can supply, at a moderate price, the forage, grain, milk and butter that may be required, and a grist mill, propelled by water power, now in course of construction on the premises, will soon be completed.

Two years' experience in California has convinced me that the choice, well-watered lands in favorable localities are being sold at prices far inadequate to their intrinsic value, while dry lands that are destitute of irrigating facilities are dear at any price for agricultural purposes, the purchase of which by persons who are ignorant of the facts, blight the hopes and absorb the fortunes of many good men, which has a prejudicial effect on the large immigration now pouring into this favored country from all quarters. Hence it is I make this fair and liberal proposition, so that all who embrace it may not be deceived.
